## SOMETHING NEW IN FRICK CONTESTS

**Keen Rivalry in First Aid Work May End in Fight for Cup.**

## THE PLAN IS BEING MAPPED

**Elimination Contests Will Start This Spring and Next Fall It Is Expected Crack Teams Will Contest For First Honors—Interest Is Shown By All.**

A pennant contest, exciting more interest than the baseball fight last summer, and to a more practicable end, is contemplated during the coming summer among the employees of the H. C. Frick Coke Company. It is officially stated that officials of the company are planning for a first aid tournament which will determine the crack team of the corporation.

Every plant has its first aid team and each team wants to lead at the top. Superintendents say remarkable interest is being shown. Keen rivalry is manifested in founding the teams and every man has a personal interest in the work. It means something to him. An efficient first aid team may mean that some day he will be saved from death or that simple fracture will not develop into something more serious by wise handling. The first aid work comes right home to the men at work inside and out.

During the winter interest has been stimulated by weekly meetings when first aid and safety measures are discussed. Every suggestion for safeguarding life and limb is given serious attention. If it proves worthy of trial it is encouraged, not only at one particular plant, but throughout the region, for there is a general safety committee for the company.

Last fall the region was divided into districts and contests held between the teams of each division. It is proposed to make these contests more than merely divisional skirmishes. A series of elimination contests will be held. If present plans are carried out, and next fall will see the crack first aid teams competing for a prize probably another Lynch cup.

"I really believe that even greater interest will be taken in these first aid contests than in the baseball pennant," an official of the company states. "Every plant has a first aid team and the employees at each plant think that to be the best there is. A contest would create even greater interest in the work. The men are beginning to realize the value of preventing accidents and prompt attention to injuries when they do occur."

## BIG FREIGHT PROFITS

Charged to Steel Corporation Railroads Subsidies.

**WASHINGTON, D. C., March 12.—**Figures intended to show that subsidiary railroads have allied with the United States Steel Corporation by big freight rates causing large dividends which go to stockholders of the Steel Corporation and that such railroads are an advantage to the steel trust over competing concerns that own none were submitted to the Stanley Investigating Committee yesterday by Guy M. Fifer, a traffic expert.

Statistics presented by Fifer showed the Duluth, Mississ., & Northern railroad in 1910 made more than 219 per cent on its capital stock when the ore rate from the Minnesota mines to Lake Superior was \$9 cents a ton. The Pittsburgh Steamship Company, in the handling of ore, made 21½ cents a ton. Mr. Fifer declared, giving a profit on the capitalization of \$20,500,000 of 16 per cent.

At the dock at Cincinnati, Ohio, operated by Steel Corporation subsidiary, in 1910 more than \$6,000,000 tons of ore were handled, with a profit of about 14½ cents a ton.

From Conneaut Harbor ore transported to Pittsburgh over the Steel Corporation's road, the Bessmer & Lake Erie, at a net rate of 2½ cents a ton a distance of 110 miles, caused net earnings in 1910 of \$3,728,000. The rate from Lake Erie ports, Mr. Fifer said, was fixed at a conference of railroads in the district. Mr. Reed, counsel for the corporation, said the Bessmer & Lake Erie never participated in any such conference, but adopted the rate after it had been fixed by other roads.

## PLANTS MAY MERGE

**La Belle and Phillips Interests Likely to Combine.**

**WHEELING, W. Va., March 12.—**Two communities representing the controlling interests in both the La Belle Iron Works Company and the Phillips Sheet & Plate Company, will meet tomorrow to discuss the advisability of merging the two companies, one of the largest stockholders in the La Belle company states that the plan will be ratified.

The La Belle, with its iron plant at Steubenville, is one of the largest independent iron companies in the country. The Phillips company has a plant in Weirton, W. Va., and one at Clarksburg, W. Va., with a total of 14 mills. It is the largest independent iron company in the United States.

**Western Land Show Opens.**  
**LOS ANGELES, Calif., March 12.—**The opening today of the great Land Show with interesting exhibits from all Western States, attracted thousands of visitors to this city, among them many land seekers from the East and other sections of the United States.

## VIOLATORS OF MINING LAWS ARE PROSECUTED.

**SOMERSET, March 12.—**J. H. Watkins, a mine foreman for the United Coal Company at Hazelwood, on Monday entered a plea of guilty to violating the State mining laws, as charged by Inspector Richard Hulse, of Somerset, and was sentenced to pay a fine of \$25 and pay the costs. Watkins failed to provide proper ventilation in the workings under his supervision.

Louis Markade, employed by the Consolidation Coal Company at Jennings, pleaded guilty to a similar offense charged by Inspector Matze, and was sentenced to pay the costs of prosecution.

## PITTSBURG BUSINESS MEN MEET TO ENDORSE MR. TAFT

**Committee Has Called Big Gathering at the Fort Pitt Hotel Tomorrow.**

The committee of nearly 200 business men of Pittsburgh, headed by Chapman H. F. Jones, Jr., has issued a call for local Republicans to meet at the Fort Pitt Hotel tomorrow evening for the purpose of endorsing President Taft for renomination and urge upon the Republican party the claims of the Pittsburgh district for better business conditions. The statement, signed by the committee, says:

"You are invited to attend a meeting of manufacturers, business men, professional men and workmen interested in the policies and welfare of the Republican party and in the re-election of President Taft, to be held in the Fort Pitt hotel next Wednesday evening at 8 o'clock.

"This meeting is open to all Republicans who have the material and permanent interest of the great Pittsburgh district and the nation at heart.

"The purposes of the meeting are to inspire the Republican party in first securing and then assuring the uninterrupted continuance of the prosperity of the country and to give a vote of confidence in the President of the United States in his legitimate ambitions to serve a second term, in which we believe he is entitled by reason of his fidelity to the principles of his party and his proven ability to discharge the duties of the office.

"Not a full dress affair, but a conference of practical workers."

## READY NEXT WEEK

**Visiting Touches Being Put on the Garbage Trucks.**

Today the last bricks for the construction of the incinerator of the Connellsville Garbage and Veterinary Company in Connellsville township will be laid. Within a week the plant will be ready for business.

The remainder of this week will be used in laying brick at the entrance on the roadway. A brick roadway will be built to the furnace and through the building that adjoins the incinerator proper. The wagons can drive along the roadway and through the building stopping at the furnace. With a new device the refuse can be thrown into the furnace without being handled.

The wagons ordered by the company are expected today. There will be five. Three will be regular garbage wagons with air-tight covers. There will be one two-horse wagon for ashes and similar refuse and single horse wagon on the same order. Three horses have been bought.

## ROW AT MORRELL

**Three Arrested for Disturbance There on Sunday.**

Morrell was the scene of an exciting scene early Sunday morning when Phillip Matusecheck, Rufus Clark and Joseph Clark of Dunbar township went to the home of Mrs. Lowery and proceeded to smash the windows and doors of the house. Later they entered the home, threw out the furniture, and also Mrs. Lowery, and attempted to throw out the other occupants. Four windows were broken and the door was damaged to quite an extent.

Patrick Duffen of the West Side and owner of the property made information before Squife F. M. Buttlermore of the West Side, charging the men with malicious mischief and disorderly conduct. The case was settled without a hearing. The defendants promised to pay the price of the windows and door. The prosecutor claims the door alone cost \$12.

## RUSHING THE WORK.

**Homestead Wants One For Fire and to Collect Garbage.**

The Town Council of Homestead has under consideration the purchase of an automobile truck for the combined purpose of the fire department and for hauling garbage. The purchase has been ratified by the Sanitary and Fire and Light Committees and will be put up to Council at its next meeting.

It is expected that the prices that could be obtained for their present fire horses and wagon would nearly pay for the combined garbage and fire fighting automobile truck. It is expected that the new proposition will pass Council with flying colors.

## ENUMERATION FOR COMING SUMMER

**House to House Canvass Under Direction of the School Board.**

## PRINCIPAL YODER MAY DO IT

**He Almost Gets the Job But President Younkin Decides He Would Make Too Much Money—Settlement of White Duplicate Is Deferred.**

A school census of Connellsville will be made under direction of the School board during the coming summer. Principal F. R. Yoder of the West Side schools may do the work. His name was suggested at last night's meeting of the School board but just before a vote was to be taken President Younkin decided five cents a head would be too much money. He had the motion withdrawn, a procedure which did not meet with favor with Director Charles E. Balsley, whose comment was that Younkin's parliamentary training is somewhat deficient.

The matter will be decided at a later meeting. Balsley presented Yoder's motion with the suggestion that he be paid five cents per name. President Younkin thinks it would be cheaper to have the work done by the day and held the matter over until the next meeting.

Holding things over seemed to be a mistake last evening. Treasurer Balsley, who is also Chairman of the Finance Committee, stated he had deviated on an entire day to the account of Tax Collector Theodore White, reaching the conclusion that \$267 in exonerations should be allowed. The board voted to appoint an auditor, who shall meet with an auditor to be named by White or his bondsmen, and reach a satisfactory basis of settlement.

J. A. DeWitt wanted the board to purchase a lot adjoining the South Side schools, owned by Mrs. Jean H. Davidson. DeWitt objected to having the matter held over, but as he was not willing to accept the \$600 offered by the board, the matter was referred to the Property Committee. President Younkin promised a report at the next meeting. Mrs. Davidson asks \$1,100 for the ground.

The Visiting Committee reported the usual mixups occurred. The members have been mixed on their visiting assignments for several months past and during February most of them strolled to the West Side. They discovered plenty of mud about the Grundy school, school building and the latter will be taken up with Street Commissioner J. W. Stewert with a view to having conditions remedied.

The mail leading to the South Side school was caused commotion and will be attended to.

The Gas Committee reported progress while Director Sosnow was directed to dispose of fixtures which are taking up room in the Third ward and High School buildings. Permission was granted R. K. Smith to hold rummages normal in the Seventh street school. Under finance Chairman Balsley reported funds sufficient to see the board through the balance of the year if collections are made.

Superintendent Asho made no report on his St. Louis trip because he is not going with a stiff neck which interferes with orotropical efforts. President Cobain of the High school is commonly reported to have had a speech prepared but President Younkin overlooked it. The janitors held their usual tryst in one corner of the room. Treasurer Balsley reported the following balances: Banking fund, \$2,084.25; Building Fund, \$283.75; General Fund, \$9,286.10; Special High School Building Fund, overdrawn, \$26.00. Total balance in bank \$11,626.25. The board adjourned at 9:15.

The board authorized the purchase of a filing system, upon recommendation of Superintendent Ashe, which will cost between \$140 and \$160. Superintendent Ashe stated that the records would be invaluable. The intention is to keep a card index record of each pupil's progress from the time he enters the primary grade until he graduates from High School or leaves school for any cause. By this method it will be possible at all times to have a record of what each pupil has accomplished at any time.

**COMBINATION AUTO.**

**Rapid Progress Being Made on the Federal Building.**

With the opening of warmer weather Contractor Clegg is rushing the work on the Federal building. Since the fresh start made Friday, a gain of another carload of stone from the North Carolina quarries is fixed yesterday but work on this has been delayed because the stone masons are finishing up another job in New York State.

Men are at work filling in crushed stones over the dried floor. This will be continued all this week and next. The stone masons are expected to arrive in town Wednesday and they will start immediately. From now on it is expected that the work will be continued without a break. Contractor Clegg said yesterday that although the weather would not interfere with the construction.

## RUSHING THE WORK.

**Homestead Wants One For Fire and to Collect Garbage.**

The Town Council of Homestead has under consideration the purchase of an automobile truck for the combined purpose of the fire department and for hauling garbage. The purchase has been ratified by the Sanitary and Fire and Light Committees and will be put up to Council at its next meeting.

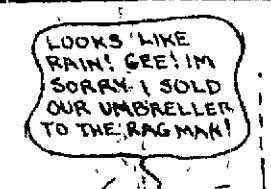

It is expected that the prices that could be obtained for their present fire horses and wagon would nearly pay for the combined garbage and fire fighting automobile truck. It is expected that the new proposition will pass Council with flying colors.

## FOUR FINE BURGERS.

Yesterday was out of town day at the police station. Four offenders from without the borough limits faced Burgess Evans, all on charges of drunkenness, this morning.

**Crossland Sick.**

Constable Joseph Crossland is in the grasp of the grip. He has not been working for several days.

## MURDER DRAMA IS STAGED IN COURT

**Witnesses Required to Picture Scenes at Slaying of Telyka.**

## BROTHER TELLS ON BROTHER

**One of the Stinkola Brothers Is Summoned by the Commonwealth. Clyde Young Convicted for Slashing Sidow—Two Enter Pleas of Guilty.**

## WILL DRIVE MILES TO CHAMP CLARK'S HOME.

**OWENSDALE, March 12.—**Clarke "Smoke" Howard is arranging to make an overland trip to Missoula with a mule team and a wagonette. The trip will be mainly a pleasure jaunt to see the country. Mr. Howard will start as soon as he can make the necessary arrangements. Provisions and camping paraphernalia will be carried.

Mr. Howard has been through the West on numerous occasions and is somewhat familiar with the country he will travel through. He will be accompanied by George Miller of Scotland.

## GOVERNMENT SCORES IN DYNAMITE CASES

**Judge Anderson Overrules Demurrers of the Defendants Today.**

## MANY EXCEPTIONS ARE MADE

**Council For Labor Leaders Present Many Points for Consideration of Presiding Judge, But He Holds That Case Must Go to Trial as Scheduled.**

United Press Telegram.

**INDIANAPOLIS, Ind., March 12.—**The Federal Government drew first blood in the arraignment of the 28 defendants in the alleged dynamiting conspiracy here today when Federal Judge Anderson overruled a motion to quash the proceedings against the labor leaders of Chicago and J. W. Irvin of Peoria, Ill.

Arguments were entered commenting on the demurrers which were filed against all of the 32 indictments. The demurrers allege that the acts of 1863 under which the indictments were returned were repealed in 1868, that the indictments do not allege that the acts were committed during the time stated in the indictment; that the statute of limitations has expired against the defendants; that the indictments do not allege that the transportation of explosives was unlawful or that explosives were to be used for an unlawful purpose, that the indictments were not sufficiently specific to permit the defendants to make a defense; that the indictments do not show any attempt on the part of the defendants to deceive the rail road companies; that it is unlawful to carry explosives on passenger trains, and finally, that the defendants are not guilty.

In spite of this formidable array of exceptions, Judge Anderson ruled for the trial to continue.

## JOHNSON LOCATED

**Roncoo Storekeeper Charged With Rooste Krinak's Downfall.**

**UNIONTOWN, March 12.—**Fayette county authorities have located and have placed under arrest William Johnson, formerly of Roncoo, Pa. Johnson is charged with being the father of the child of Rose Krinak, who is confined to the Uniontown jail on a charge of having murdered the infant soon after its birth. Johnson owned a small store at Roncoo, and the Krinak woman, who is 21 years old, was employed in the store. In January last, soon after the body of the infant was found dead near the reservoir at Roncoo, the Krinak girl's home, Johnson, with his wife and three children left for Danville, Ill., to reside. Johnson is between 45 and 50 years old.

The county officers traced him to Danville and instructed Danville officers to place him under arrest. Constable Richard Wood of Uniontown will leave this evening for Danville and it is understood that Johnson will not ask for the benefit of extradition papers. An information was made against him as being the father of the child and a true bill was returned at the March term of court. He will be placed on trial as soon as his return.

## NO GRADE CHANGE.

**Street Committee Does Not Think It Advisable.**

Because a grade would throw the house of Oliver Durst over six feet above the street and correspondingly lower several houses owned by P. S. Newmyer the same distance below, the Street Committee viewing West Fairview avenue accomplished nothing yesterday. Durst's house is right in the property line.

The street committee made at the inauguration of the Connellsville Planting Mill Company. They are building a new warehouse and office on West Fairview avenue. They will go ahead with their work regardless. Nearly all the Street Committee were out and all of the property owners are expected to come to the meeting.

## MINE BLOWN TO ATOMS.

**Batteries and Explosives Cause a Fatality.**

**LATROBE, March 12.—**When he quit work last evening at No. 2 mine of the Atlantic Crushed Coke Company, near Newerry, John Gaddis, aged 35, put his electric batteries and explosives, used in blasting, in a bag and swung them over his shoulder.

The batteries, jarring together, short circuited, causing a spark, which ignited the explosives. He leaves a wife and three children.

**"CAN'T YOU HELP MY BABY?"**

**MOTHERS OF ECZEMA TORTURED CHILDREN ASK US THIS.**

**TRY THIS REMEDY AT OUR RISK.**

Of all the ills of childhood none causes more suffering than eczema and the other itching, burning rashes that drive the little ones almost frantic.

Nowadays when mothers ask us "Can't you help my baby" got relief from eczema," we can say, "Yes." Our new skin remedy, Saxon Salve, has worked some very remarkable cures here, not only for children but for adults as well.

Its first effect is to stop the terrible itching and burning, and make the skin comfortable. Then it is absorbed right into the skin, destroying the germs and exerting its healing power at the seat of the trouble.

We guarantee Saxon Salve to give satisfaction when used for eruptions and skin troubles of any kind, paying back your money if it does not.

Graham & Co., Druggists, Connellsville, Pa. Saxon Salve is sold in West Connellsville by Fred H. Hartman, Druggist.

# ANNIVERSARY SALE

**BEGINNING WEDNESDAY, MARCH 13th, 1912  
AND CONTINUING UNTIL APRIL FIRST**

**Souvenirs.**

On the opening day of our Anniversary Sale we will give a Genuine Imported China Plate to every lady visitor between the hours of 2 and 5 in the afternoon and 7 and 8:30 in the evening.

We've been preparing for this sale for months. Last January we invaded the great wholesale markets and bought carload after carload of furniture and carpets, especially for this Anniversary Sale.

This not only helped us save money, because of discounts we earned on big quantity buying, but it creates a greater variety of fine goods for you to select from.

At this sale you will see styles and designs that will not be shown elsewhere for weeks and months, in some cases not for a whole year.

Look into our large display windows. You'll see some of the grandest snags you ever dreamed of.

Then come into the store and you'll see more. Don't miss the best furniture event of the year!

This will be the greatest event of the year, don't fail to be here.

**Out of Town Customers**

Goods will be delivered when wanted. Free Wagon Delivery is made within 20 miles of Connellsville. Freight charges paid on all purchases of \$5 and over.

**Steel Railroads Profitable.**  
The Stanley Steel Trust probars are  
still filling up their record with  
"expert" testimony, much of which is  
either poor opinions or bad guesses.

The last expert was called to show  
that the private railroad lines of the  
Steel Corporation, hauling chiefly its  
own raw materials and products,  
made profits out of all proportion to  
the investment.

These profits are, of course, relative,  
just as the profits of the H. C.  
Frick Coke Company on the coke it  
furnishes to the Steel Corporation.  
The interests being bound together,  
the profits from one subsidiary com-  
pany figure in the net gain, that is to  
say they margin in the production of  
raw materials enables the larger cor-  
poration to sell the finished product  
on a closer margin.

It is possible that the Bessemer &  
Lake Erie and the ore region railroads  
have fixed the ore rates at a liberal  
figure, because being common car-  
riers they could not confine their busi-  
ness to the transportation of the  
Steel Corporation's raw material, but  
must demand half of that of any  
rival manufacturing concern. It does  
not appear, however, that the rival  
concerns have ever entered so serious  
a protest against their rates. If the  
former had felt aggrieved, they  
might have built their own lines or  
protested the construction of other  
lines on a traffic agreement.

One of the ironies of this investiga-  
tion lies in the fact that the con-  
struction of the Bessemer & Lake  
Erie railroad by the Carnegie Steel  
Company was due to the fact that the  
railroads hauling ore from the Lakes  
were charging an extortionate rate.  
The Carnegie Steel Company pro-  
tested, but without avail. President  
Henry C. Frick then notified the rail-  
roads that unless they modified the  
ore rate the Carnegie Steel Company  
would build its own railroad to the  
Lakes. The railroad managers laugh-  
ed, but they didn't laugh long. Within  
a couple of years the Bessemer &  
Lake Erie railroad was a substantial  
fact.

Built for the sole purpose of pro-  
tecting the steel company from the  
unusually exactions of the railroads,  
the Bessemer & Lake Erie railroad is  
now accused of making too much  
money at the expense chiefly of its  
ownership.

**The Foreign Coal Strike.**  
The foreign coal strike has assumed  
staggering proportions and as yet there  
is no tangible hope of its early settle-  
ment. From Great Britain the disaf-  
fection has spread to Germany and to  
France, whether through sympathy or  
force of example is not apparent.

If the strike affected the coal industry  
alone it would not be so serious,  
but it threatens to result in industrial  
paralysis and universal suffering. It  
is already reported that it has sensibly  
increased the cost of living, and it has  
certainly seriously affected transporta-  
tion facilities.

The situation is very disturbing to  
the monarchial and merciful govern-  
ments of Europe, who fear a general  
unrest that may shake dynasties and  
overturn cabinets. Perhaps if the  
European rulers would adopt the policy  
of Mr. Roosevelt, a former President  
of the United States, in composing a coal  
strike in this country they might start  
the mine again.

It is certain that they should use  
every endeavor to bring about a settle-  
ment of the strike.

**Progress and Progressives.**  
President Taft, in a recent speech,  
very aptly said, "Progressives what  
Progressive does."

He assumed that he was as much of  
a Progressive as most of those who  
delight in calling themselves such,  
for the reason that he could show real  
progress along the lines of intelligent  
and wise government for the good of  
the whole people, and it must be ad-  
mitted that his claim has a substantial  
foundation.

The politicians who call themselves  
Progressives are for the greater part  
only trying to get some progress be-  
hind the wheels of their political am-  
bitions.

A little girl is in the Connellsville  
hospital minus several fingers as the  
result of trying to explode a dynamite  
cap. A Derry minor was reduced to  
fragments last evening by the carelessness  
mingling together in a bag which he  
carried on the back of his electric bat-  
teries and explosives. The child was  
too young to know any better, but the  
man was old and experienced enough  
to realize the danger he incurred. His  
fate is only another illustration of the  
contempt that constant contact with  
danger breeds.

The Pennsylvania editors are at Har-  
risburg this week swapping experi-  
ences and incidentally learning something  
about good roads and good grub.

The Connellsville mail carriers carry  
heavy burdens and make long hikes.  
The position is not a soft snap. Appli-  
cants have to stand a physical exami-  
nation to show that they have no sym-  
ptoms of the hook worm.

The oil lamp is a dangerous illuminant  
because of its habit of exploding and  
burning up the house and some-

times some of the inmates. Electricity  
is the modern illuminant, but it is not  
always accessible outside of cities and  
towns. Those who have to use oil  
lamps should watch them with care.

A sad blow to buckboard Congress-  
men is contained in a resolution intro-  
duced in the House at Washington pro-  
viding that no insertions of applause or  
other manifestations of approval shall  
hereafter appear in the Congressional  
Record.

Honestand is also considering the  
question of horses public service,  
but it is proposed there to have auto  
garbage wagons as well as fire trucks.  
It would soon from this that Honestand  
should very wisely collect its own  
garbage and thereby know when it is  
collected.

**POSTMASTER KURTZ REPLIES**

Explains Postal Delivery to South  
Side Resident.

**EDITOR THE COURIER:**

Concerning an article in your paper  
of yesterday signed by "A Citizen"  
regarding the East Green street, relative  
to the delivery of mail, I desire to  
state that the residents of that street  
have received two deliveries daily, with  
the exception of four times during the  
past winter, which has been one of un-  
usual severity.

The writer of the article states that  
he formerly lived in a residential com-  
munity of another town, smaller than  
Connellsville, and received four deliv-  
eries a day. It is just such excessive  
service that has been partly the cause  
of the millions of deficit in the Post  
office Department in years past, and  
which is being gradually eliminated,  
and the deliveries in such sections re-  
duced to two, which is considered suffi-  
cient. Up to within several years  
since, we had been serving the busi-  
ness district four times daily; and when  
an application for an additional  
carrier was made, in order to main-  
tain this schedule, we were instructed to  
reduce the number of deliveries to three.

The writer of the article thinks that  
East Green street, Race, Vine and  
Crawford avenues should be considered  
as business territory, while in reality  
there is not business house on any of  
them.

He cites that mail received at 3:30  
P. M. is not delivered until 6 A. M.  
the following morning. This is not cor-  
rect. Mail is handled at that hour  
but not entirely distributed until 6 A. M.  
If the carriers were compelled to  
include this mail in their afternoon de-  
livery they would not be able to leave  
the office before 5 o'clock, and as it re-  
quires about 2½ hours to cover their  
routes, the patrons on the terminals  
would receive their second delivery at  
7:30 P. M., which would include that  
received at 3:30 A. M. You can easily see how impracticable and  
undesirable this arrangement would be,  
when you consider that it is dusk at  
5:30 during the winter months; and  
would also extend the carriers' eight-hour  
service over a period of 13½ hours, as the majority report at 6 A. M.  
for their morning collection.

An additional carrier is only allowed  
by the department when the excessive  
mail is sufficient to keep him employed  
on an average of eight hours a day,  
and sometimes not even if his employ-  
ment would bring the expense of opera-  
tion above a certain percentage of  
the receipts of the office.

I think that the present conditions,  
including the additional territory to  
which I desire to extend the service,  
will be ample reason for granting my  
request, that this office be allowed  
another carrier, with which a three  
and two delivery schedule could be  
maintained and the great majority of  
the patrons satisfied.

Respectfully,  
A. E. KURTZ, P. M.

# B. WHITE CO'S \$500,000 STOCK FURNITURE CARPETS, RUGS AND HOUSEFURNISHINGS

**On Sale in Allegheny, Pa.**

This immense 8-story building and 2 large warehouses are filled from top to bottom with B. White Co. furniture—more than any other store has.

Sale is being held in this building—the B. White Co. store, Ohio and Sandusky Streets, Allegheny. One big square from Federal Street.

Be sure you go to the right store—it's on the corner.

The greatest furniture, carpet and rug sale ever held in the United States has just started.

You will get greater values than were ever given by any store anywhere. You will get bargains absolutely without parallel or precedent. This sale will make history.

B. White Co. had more furniture, carpets and rugs than any other Pittsburgh Store. Their immense 8-story building in Allegheny is not big enough to hold it all; two great warehouses in addition are required to properly house the entire B. White Co. stock.

**We bought every dollar's worth of B. White Co. stock---no other store has a single piece.**

We bought the B. White Co. Stock from the South Side Trust Co., Receivers in Bankruptcy, and it's only because of a bankruptcy purchase that such amazing prices can be quoted.

Note the **vast** difference between the B. White Co.'s prices and our sale prices. **Then remember that B. White Co.'s prices were lower than any other Pittsburgh store's!**

Notice the **superb quality** of B. White Co.'s furniture, carpets and rugs. White's selected only reliable grades of merchandise. Goods such as are sold by the finest exclusive furniture stores were the **rule**, not the exception. There are goods fit to grace the finest mansions, or goods not so costly, which will appeal to those of moderate means.

As rapidly as one lot of goods is sold, another takes its place. You can come any time and be assured of getting the bargains of a lifetime. You'll fine what you want.

### Clergyman's Son Cured of Tuberculosis

Consumption is a baffling disease and the sufferer with bright hopes of improvement. Call it in its own stead "the long-drawn-out struggle for life," because it is effective in alternately becoming so weak that walking and a few exhausted steps. On my return home from the physician's office, there is plenty of evidence from live witnesses to investigate the following:

Frank P. Herley, the jovial dispenser of drinks at the Hotel Silver, busily engaged today receiving congratulations and settling 'em up to the hilt on account of the arrival at his home of a bouncing girl baby.

Elder D. H. Walker of Somerset was in town over Sunday attending the evangelistic services now in progress in the South Side Church of the Brethren.

The Bubble Burst. At about the same hour that the judge was hurling threats and insults at Colonel Fentress, three men were waiting ten miles away at the head of the bayou which served to isolate Hicks' cabin. Now no one of these three had ever heard of Judge Stocum Price; the breath of his fame had never blown, however gently, in their direction, yet they were preparing to thrust opportunity upon him. To this end they were lounging about the opening in the woods where the horses belonging to Ware and Murrell were tied.

At length the dip of ears became audible in the silence and one of the trio stole down the path, a matter of fifty yards, to point that overlooked the bayou. He was gone but a moment.

"It's Murrell all right!" he said in an eager whisper. "Him and another fellow—the Hicks girl is rowing them." He glanced from one to the other of his companions, who seemed to take firm hold of themselves under his eyes. "I'll be all right," he protested lightly. "He's as good as ours. Wait till I give you the word." And he led the way into an adjacent thicket.

Meanwhile Ware and Murrell had landed and were coming along the path, the outlaw a step or two in advance of his friend. They reached the horses and were untiring them when the thicker suddenly disengaged the three men; each held a cocked pistol; two of these pistols covered Murrell and the third was leveled at Ware.

"Hues!" cried Murrell in astonishment, for the man confronting him was the Chan's messenger who should have been speeding across the state.

"Toss up your hands, Murrell," said Hues quietly.

One of the other men spoke. "You are under arrest!"

"Arrest?" "You are wanted for highway robbery," said the man. Still Murrell did not seem to comprehend. He looked at Hues in dull wonder.

"What are you doing here?" he asked.

"Waiting to arrest you—ain't that plain?" said Hues, with a grim smile.

The outlaw's hands dropped at his side, limp and helpless. With some idea that he might attempt to draw a weapon one of the men took hold of him, but Murrell was nervous to his touch; his face had gone a ghastly white and was streaked with the markings of terror.

"Well, by thunder!" cried the man in bitter amazement.

Murrell looked into Hues' face.

"You—you—" and the words thickened on his tongue, becoming an articulate murmur.

"It's all up, John," said Hues.

"Not!" said Murrell, recovering himself. "You may as well turn me loose—*you can't arrest me!*"

"I've done it," answered Hues. "I've been on your track for six months."

"How about this fellow?" asked the man whose pistol still covered Ware. Eyes glanced toward the planter and shook his head.

"Where are you going to take me?" asked Murrell quickly. Again Hues laughed.

"You'll find that out in plenty of time, and then your friends can pass the word around if they like; now you'll come with me."

Ware neither moved nor spoke as Hues and his prisoner passed back along the path, Hues with his hand on Murrell's shoulder, and one of his companions close at his heels, while the third man led off the outlaw's horse.

Presently the distinct clatter of hoofs was borne to Ware's ears—only that; the miracle of courage and daring he had half expected had not happened. Murrell, for all his wild boasting, was like other men, like himself. His bloodshot eyes slid around in their sockets. There across the silent stretch of water was Betty—the thought of her brought him to quick choking terrors. The whole fabric of crime by which he had been benefited in the past had expected to profit in the future seemed toppling in upon him, but his mind clutched one important fact. Hues, if he knew of Betty's disappearance, did not connect Murrell with it. Ware sucked in comfort between his twitching lips. Stealing glances! No one would believe that he, a planter, had a hand in that, and for a brief instant he considered signaling Bass to return. Bass must be told of Murrell's arrest; but he was sick with apprehension, some trap might have been prepared for him, he could not know; and the impulse to act forbore him.

He snote his hands together in a hopeless, beaten gesture. And Murrell had gone weak—with his own eyes he had seen it—Murrell—who he believed without fear he felt that he had been grievously betrayed in his trust and a hot rage poured through him. At last he climbed into the saddle, and, swaying like a

### Checking Accounts No. 9

### General Advantages

The general advantages of having a checking account and paying by check are

A paid check is the best possible legal evidence of the payment of money, showing the date, the amount, to whom and from whom and the signatures of both parties.

Your checks are a correct record of your expenditures. The bank practically keeps your cash account without expense to you.

In paying by check you avoid loss by accident, theft or errors in making change.

The possession of a checking account gives you a better standing among business men—also acquaints you with bank officials and gives you valuable knowledge of banking methods.

In brief, paying by check is the modern way—the safest way—the best way.

We cordially invite you to open a Checking Account with

A Scene from "Baby Mine" at the Soisson Tonight.

#### THE SOISSON.

#### BABY MINI TONIGHT.

The anxiously awaited engagement of the intermission comedy success "Baby Mine" takes place at the Soisson Theatre tonight under the direction of William A. Tracy. "Baby Mine" may be sold to have irritated the globe with laughter, for it ran for one full year in Daly's Theatre, New York, and is now playing to packed houses in the Vaudeville Theatre London—its second year in the British metropolis. Negotiations are also under way for early presentations in Paris, Berlin, Vienna and Australia. "Baby Mine" is said to be one of those cock-sure successes that cannot fail to rouse any species of audience to rounds of laughter. The effect of "Baby Mine" upon the scalp is absolutely nil, but if a good laugh saves many a doctor's bill you will be able to add a long list of credits to your medicine account when you go home tonight.

When the curtain goes up the perfor-

mance sale has been immense.

"THE COW AND THE MOON." The Cow and the Moon' which opens at the Soisson Theatre next Friday, March 14, is said to be most intriguingly mysterious. Storyland is to the probabilities of composing a new thing, in time to such a title is forgotten from the moment the orchestra plays the opening strains of the pretty music and it is authoritatively claimed that as much credit is due to the score as to the libretto of this titillating show.

The well known composer of extravaganzas Bill Carlton Lee Colby is responsible for all the music and numerous press criticisms from those who know, compel the inference that Carlton Lee has once again wrought masterfully.

During the action of this new vehicle for extravaganzas the principals and the chorus will be heard to sing especially arranged songs.

## COKERS LOOK TO BE CLASSY BOYS

Their Team Next Year Should be a Hummer and Cut Figure in Race.

## UNIONTOWN MUST PATCH UP

Johnstown the Best Det During Season Just Closed and Won Pennant on Form—Next Year the Tale May be Entirely Different in Central.

Now that the curtain has been rung down officially on the 1911-12 pennant race of the Central League, the fans are beginning to make forecasts and dare the situation for next year. That the pennant race this year was justly won by Johnstown there is no doubt. Uniontown did not strike a pennant winning stride and only at times did it show anything like the form of the old McKeesport team.

When the Uniontown Athletic Association bought the entire McKeesport team, they figured they had practically bought the pennant. When Gotsdager refused to report the situation looked somewhat blue but the Uniontown management immediately began to bolster matters by purchasing Bill Powell to jump center. Powell's record is common property. Out of a total of 66 games Powell has probably played in about one-fourth the number. Charley O'Donnell, a forward did phenomenal work jumping center but the work of the Johnstown crew was not to be denied.

"The sign of the times" will be evident in Uniontown next year. Powell has probably played his last game for Uniontown. The work of Sonny, although man, has not suited such work that it looks as if Count Bokito is to grace the bench next season. Andy Sauer is slowly down and unless Uniontown bolsters the lineup with imported stars, that team will be very much out of the race next year.

Johnstown has one of the best balanced basketball combinations in the country, not since the days of the old East Liverpool team with Ferat Fogarty, Keenan, Kinkade and Penning has there been such a team. The purchase of Wohlforth after Homestead went up last year was one of the best deals ever put through by the Flood City management. Kinkade cost the Johnstones nothing and when they signed Kinnay they secured undoubtedly one of the best defensive guards in the country. Bill Keenan is old in basketball but young in years and Joe Fogarty, while not possessing his old time steamin, can stay with the best of them. The one weak spot in the Johnstown combination is Newmann and he isn't an invalid.

The Connellsville situation interests the fans here. With the acquisition of Brady, Roy and Elmer Steele, a reserve 1st holding such names as Ahern, Wilson and Geig, it would seem that the Cokers are well fortified for the 1912 season. The three on the reserve list, Wilson, Cole and Ahern, will probably not figure in the lineup next year. Whether Elmer Steele, with his inexperience but promise of future development, will carry on is a matter of conjecture. Brady is a good player but not strong enough to hold any of the Cokers now. He would look good as a utility man.

The two interconnection mark ravishes about Roy Steele. What will the Coker management do with him? It looks as if one of the present regulars is to go and if so the fans are trying to guess which one. Steele is a forward and a mighty good one. The replacing of Billy Kummer is out of the question. At Uniontown in the closing game of the year Kiki Dark played at guard. In his early days Dark was a guard. His dribbling ability and all around team work would be indispensable to the Coker machine. It will take careful judgment to decide what regular shall walk the plank.

## CURES THE WORST BACKACHE

New Remedy Makes Kidney Troubles, Bladder Disorders and Rheumatic Pains Disappear, as If By Magic.

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely cures all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of removing the cause. Pills, tablets, and other remedies at the best, merely stimulate the kidneys, giving temporary relief. Croxone cures the poisons.

It soaks right in through the walls, membranes and linings. The water it makes, neutralizes, dissolves, and makes the kidneys sift out and filter away all the uric acid and poisons from the blood and leaves the kidneys and urinary organs clean, strong, healthy, and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back, and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to return the purchase price if it fails in a single case.

**BIG MEYERSON GAME.**  
The Broadway Athletic Club of Meyersdale is making extensive preparations for a game to be played there Thursday between Connellsville and Johnstown. Roy Steele will come down from Homestead for the game and Billy Kummer from Butler. Johnstown will be without the services of Winnie Kinkade for the fair halberd one has left for the east to attend to business. In the summer Kinkade travels with a circus, "told

**GOSSIP OF THE PICTURE SHOWS.**  
**THE OLYMPIC.**

Yesterday the Olympic featured "The Law and the Devil" with Maurice Costello in the role of the young Judge. The plot of the play is an old one but the structure is different. "Smiling Bob," a Melies film and an Esanay completed an interesting program. The music at the Olympic is the real big feature.

**AT THE OLYMPIC**

Elaborate scenic effects featured "From the 100 to the Herd," an American picture at the Soisson yesterday. It was one of the best pictures the western company of the American has shown. "The Vacation," a Nestor comedy, was laughable. "The Kind-hearted Brother," was a Great Northern picture.
